Five hundred tickets to be drawn each day, and the drawing to commence with the least possible delay.

Purchasers of 100 tickets or more, to be entitled to a credit of thirty days after drawing of this class, for notes, with approved endorsers.

All prizes not demanded within six months after the drawing of this class, will be considered as given up for the benefit of the lottery.

This scheme, it is believed, affords an equal prospect of gain to adventurers with any other which has been offered to the public. Those who are interested in the commerce and agriculture of the country adjacent to the Potomac and Shenandoah rivers, have additional inducements to give their support, as the money to be raised by the lottery is for their immediate benefit and convenience. It is also hoped that the patriotic and public spirited will be disposed to countenance and encourage a measure which has for its object the facilitating a ready and convenient communication between the western country and the Atlantic, tending to connect the interests of the eastern and western states, and to perpetuate their union.

Charles Simms, President.

Jonah Thompson,

John Mason,

Henry Foxall,

William Stewart,

Directors.

N.B. Arrangements having been made to commence the sale of tickets comprising the above Lottery, the public are hereby informed, that I am now prepared to receive proposals from all such persons as may be disposed to purchase, or otherwise contract for the sale thereof on commission. Purchasers taking 100 tickets, or more, will be entitled to a credit of thirty days after the drawing of the Lottery, on giving notes with approved endorsers, negotiable at any of the Banks within the District of Columbia.

Jos. Carleton,

Agent for the Potomac Company

THE DRAWING OF THE
Potomac and Shenandoah Navigation Lottery.

THE public are hereby informed, that at a meeting of the President and Directors of the Potomac Company, held at Brook's Tavern, in Alexandria, on Monday, the 10th day of December, 1810, it was determined that the drawing of the Potomac and Shenandoah Navigation Lottery shall commence on the first Monday in May next.

By order of the President and Directors.
JOSEPH CARLETON, Agent.
Georgetown, Dec. 20—(Jan. 12.)

The public are farther informed that, conformably to a subsequent resolution of the managers of the lottery, the price of tickets will be advanced from the 31st of March next, to ten dollars and fifty cents, and that no tickets after the 25th day of April next, will be sold at any other place than at their office or offices in the district of Columbia. I am, therefore, confidently hoped, under these regulations, that persons, desirous of promoting the object of this lottery, and who have not yet supplied themselves with tickets, will embrace the opportunity of doing it before they are withdrawn from the distant Agents.

By order of the Managers,
Joseph Carleton, Agent.

Paul's Patent Infallible COLUMBIAN OIL.

The inventor of this highly esteemed medicine is a native of America and the composition is the production of American soil, consequently it is in every sense of the word domestic, it is not puffed up with a numerous train of pompous foreign certificates of persons from whom by the great distance that separates us 'tis impossible to obtain information, therefore the public has better security for their money as there cannot be the east shadow of deception to cover his medicine, for he simply appears before the community with his invention and an experimental detail of the various cases in which it really is so wonderfully efficacious and in which he is supported by the following certificates, whose names are not only subscribed but their persons may also be consulted, being residents within the circle of our neighborhood. The following are the complaints in which the Columbian Oil has been found so efficacious and rarely ever fails of effecting a cure, viz: Rheumatism, consumption, pains in any part of the body, but particularly in the back and breast, colds and coughs, tooth ache, spleen, pleurisy, cholera, cramps, external and internal bruises, sprains and flesh wounds, scalds and burns, whooping cough and mumps, and dysentery and bloody flux, croup and the summer complaints in children, and in a weak stomach that is caused by indigestion, a constant sinking and loss of appetite, it will act as a powerful bracer to the relaxed fibre and restore it to its proper tone.

It seems as though nature had ranked it the first of the class of all pectorals and expectorants for the relief of the breast and lungs as it scarcely ever fails of removing obstructions in either, particularly those who are troubled with phthisick or asthmatic complaints, who in the act of walking fast, stooping or ying down are almost suffocated, half a tea spoon full of the Columbian Oil will render some relief instantaneously, and if continued agreeably to the directions in such cases, will prove a radical cure, by producing the full power of inflation to the lungs and free expansion of the breast.

Certificates of its efficacy.

No. 1. SEPTEMBER 1809.

I do certify that I have been ailing nearly two years with a hectic cough and violent oppression at the breast. I applied to the most eminent physicians and could get no relief from my low state of health, until I got Paul's Columbian Oil, and found immediate relief. I take this method of informing the public of the efficacy of this valuable medicine, from the cures which I have experienced—I think it incumbent on me to offer the same to the public.

No. 2.

I hereby certify, that I had a cough and pain in my stomach for upwards of two years, when I was recommended to Paul's Columbian Oil. I procured one phial of that valuable medicine, which has restored me to a good state of health again.

Thomas Elliott,

On the Hook's-tows road, near the turnpike gate.

February 12, 1809.

No. 3.

I have great reason to be very thankful for being recommended to Paul's Columbian Oil. I had been afflicted with a violent pain in my back, so that I was not able to walk. I procured one phial of the Oil, and I received immediate relief, and have been very well ever since.

N. B. I had a violent tooth ache about two or three months ago, when I dropped a few drops of the Oil on some lint, and applied it to the tooth affected, and I received immediate relief.

Eleanor Elliott.

No. 4.

SIR I comply with your request of stating my opinion of Paul's Columbian Oil being an effectual remedy for the tetter worm. I have been afflicted with the tetter in my hand for 12 years, and have made trial of many medicines which have been recommended, but all to no effect. Hearing of Paul's Columbian Oil, about the 15th of January last, proving an effectual cure for the ring worm and similar complaints, I immediately got a phial of your Oil and applied it agreeably to the directions for about two months successively, when the tetter left me and has not made its appearance since.

Susanna Purden.

N. B. My Susanna, a child aged twenty months and 6 days, was taken about the middle of July last with a violent cough, which the neighbors said was the whooping cough; I gave her six drops of the Columbian Oil, which gave immediate relief, and proved an effectual cure.

Saratoga-street, Baltimore, Aug. 21, 1809

No. 5.

Baltimore, Sept. 6, 1808.

The oil that I received by Mr. Elliott for the cold, did me a great deal of service, and

ultimately cured me.

WILLIAM PHILIPS,

At the Columbian Inn, Market street No. 6.

I do hereby certify, that I was violently attacked with the pleurisy on Sunday the 8th instant, I immediately sent to a physician, who bled me twice within the space of about 16 hours, all to no effect; my fever still increased and my pains so violent that I had no knowledge of my nearest relations, nor even my parents: on Tuesday morning the 10th, my father procured me a phial of Paul's Columbian Oil which was immediately applied to my right side, where the pain was the severest, three or four times, with a piece of flannel kept to the part affected, and I took fifteen drops internally three times a day for the first two days; and the second day after using the oil, I was able to walk about the house, the third and fourth days I took of the oil fifteen drops night and morning, which entirely relieved me from pain and fever, thanks be to God for it, and now I am a well man.

No. 7.

We do certify that on Thursday the 17th instant, we were tarring a new seine for Mr. John Clark, and by accident the seine took fire which, by endeavoring to put out the flames, John Clark and Thomas Adams got severely burnt in the face, we immediately got some Columbian Oil from Mr. Paul, and applied it to the parts burnt, which gave ease in the course of twenty minutes, and has left the parts free from blisters.

Artificial Mineral Water.

JUST received, zrated Soda Water, a pleasant and refreshing beverage, which in medicinal application has been found highly useful in calculous, gouty and rheumatic affections; it allays feverish irritations, and removes debility, produced by relaxation from excess, intemperance, &c.

It powerfully increases the appetite, and promotes digestion, neutralizes acidities in the stomach, and corrects vitiated bile;—hence it will be found an agreeable remedy for, or preventive of, many diseases, particularly those which are most prevalent in warm weather—for sale by

Richard H. Litle,

Apothecary and Druggist,
Fairfax street.

Other Mineral Waters are expected shortly, of which a supply will constantly be kept.
